Hi All,

Please review the following action items for accuracy and completeness by October 25.

October 18 CZARA 2617 SA Commitments Action Items/Draft Agenda for Quarterly Mgt Call

Action Items

EPA/NOAA's Initial Written Assessment

By December 31, EPA/NOAA provide Oregon and plaintiffs with initial written assessment on
 1) whether implementation of the Oregon Coastal TMDL Approach in the Mid-Coast Sub-basins is likely to result in actions that will achieve and maintain WQS and
 2) whether OR's plan for developing and updating TMDLs for all sub-basins in the CNPCP management area using the Oregon Coastal TMDL Approach could satisfy the outstanding forestry condition. In developing this assessment, EPA/NOAA should consider comments from plaintiff with respect to ODEQ's proposed TMDLs and BMPs.

Region 10 will take the lead in developing this document. Jayne will generate a draft list of documents currently available for EPA/NOAA's Initial Written Assessment by Oct 23. The federal and state agencies will review and add to the list. This list, which EPA/NOAA will use to develop its initial written assessment becomes final on Oct 26. Jayne will develop an initial draft for review at the end of October.

Updated Decision Rationales

Review and provide input or comments (or note places where we need to seek input from DEQ) on the

updated decision rationales to Allison by Nov 2.

Decisions

Postpone discussion on settlement agreement deadlines until next quarterly meeting (around January/February time frame).
